

Signing into and Using Google Classroom

1. Open a Google Chrome browser.
2. Click on the dots in the top right hand corner of the browser.

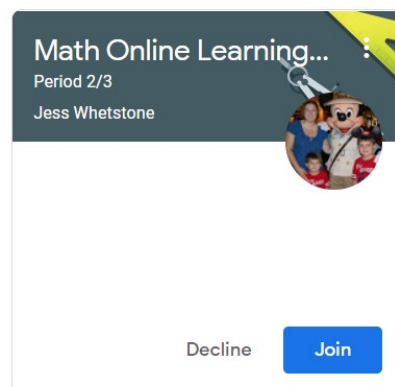

3. Click on the "Account" icon to sign in with your child's Riverside account. (If you are using a Chromebook borrowed from the school and you are logged in on your child's account, you can skip this step.)
 - a. Their "email" is username@riversidesd.com and their password is Rsd and their lunch number.
 - i. **Username Example:** The username is the same thing that would be used to sign into a computer at school. It's the first 3 letters of their last name, the first 3 letters of their first name, and the year they graduate. If I was in 3rd grade, my username would be WheJes29, so my email would be WheJes29@riversidesd.com.

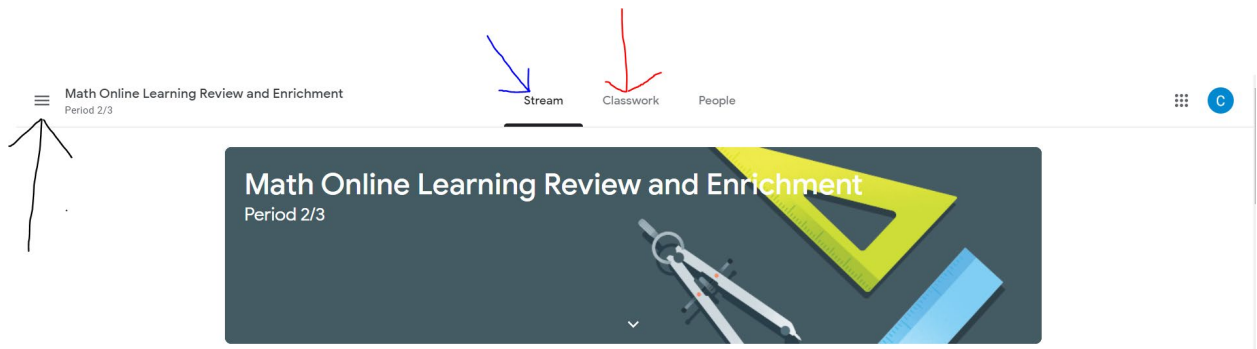

ii. **Password Example:** The passwords all begin with Rsd followed by your child's lunch number. It is a 6 digit number. Example, Rsd123456. If your child doesn't know his/her lunch number, you can find it by logging into Vision. It is the Student ID located right below his/her name. You can also email me or text me on the Remind app.

4. Now that your child is logged in, go back up to those dots in the corner and click on them. From the menu, click on "Google Classroom."

5. When you log in, you will see a box similar to this one, depending on what period you are in. When you log in for the 1st time, there will be a decline or join option on the box. Click on Join to enter our virtual classroom!

6. Once you click join, you will see the screen below.
- The black arrow is pointing at the menu bar. It has options to take you to other "classrooms" that you have or take you back to the main menu.
 - The red arrow is the most important one. When you click on the word classwork, it will take you to your assignments.
 - The blue arrow is pointing at the word "stream." This is the main screen.
 - If you click on the word "people," you can view the classroom roster.

7. To view your assignments, click on the "classwork" link as seen in the picture above. You will see this. Please try to complete one assignment a day.

Week Two: Telling Time and Length of Day		:
	Monday_ Calculating Elapsed Time in Hours ...	Due Apr 11
	Tuesday: Calculating the Length of Day	Due Apr 13
	Wednesday: More Elapsed Time Problems	Due Apr 14
	Thursday: Enrichment Activity	Due Apr 14
	Friday: Math Easter Egg Hunt	Due Apr 14

8. Click on the assignment that you would like to work on and it will expand to show the directions (see the image below). At the bottom of the directions you will see the words "view assignment." Click on that.

Week Two: Telling Time and Length of Day

 Monday_ Calculating Elapsed Time in Hours ... Due Apr 11

Posted Mar 31 (Edited 9:42 AM) Turned in

1. Login to ConnectEd. Once on the the Launch Pad, click on the orange "Tutorial Videos" tab. Watch the video "Page 18 Choose Tools to Solve Problems: Elapsed Time"
2. Download the Classroom Clock. You could cut the clock and hands out to help you with this week's work as well as our length of day project each Tuesday. You could also use the +eTools that can be found in the Tool Kit on the ConnectEd "Launch Pad." (see the directions below).
3. Complete Elapsed time worksheets below (Elapsed Time_Counting Minutes and Hours Page S1). Click on the document and type your answers. When you're done, click on TURN IN.
4. Click on one of the website links below to practice your time telling skills

***Parents, download the Parent Directions and keep in a safe place for the week. It has the answer key for this week's work.

9. This is what you will see for each assignment.
- The instructions are listed and all of the resources that you will need are underneath the instructions (see the blue arrow).
 - You may ask a question or comment on the assignment in 2 ways (see the black arrows). If you want everyone in the class to see your comment/question, type it in the "class comment" section below the resources. If you only want me to see it, type it in the section to the right (private comments).
 - Once you have reviewed all of the materials, click on the item in the "your work" section (see the red arrow). This will open a new window. You will be able to type your responses on the work. You will then have to go back to the assignment view and click on "Turn In" to submit your work.

The screenshot shows a classroom assignment interface. At the top, it says "Due Apr 11" and "Monday_ Calculating Elapsed Time in Hours and Minutes" by Jess Whetstone. Below the title are four numbered instructions for completing the assignment. A section of resources follows, including "Classroom Clock.pdf", "Parent Directions and Answers.pdf", "Telling Time", "Virtual Clock directions for ...", "McGraw-Hill Education - Login", "What Time Is It? - PrimaryGames.com", and "Online Practice Quiz, Word Problems".

On the right side, there are two panels: "Your work" and "Private comments". The "Your work" panel shows a student named Carter Whetstone with a red arrow pointing to the "Turn in" button. The "Private comments" panel has a black arrow pointing to the "Add private comment" field.

At the bottom, there is a "Class comments" section with a black arrow pointing to the "Add class comment" field.

A blue arrow points from the "What Time Is It? - PrimaryGames.com" resource to the right side of the page.
