RE: Flex Day for Remediation and Review

Dear Parents,

After assessing our progress with the virtual component of our instruction, we deem it necessary to provide additional support to our students for remediation and review. Our district will not have in-person instruction on **January 26th**. Our principals will adjust the master schedule to reflect that January 27th will be DAY 6 (Taylor Group). These days will be used for students to make up any missed work; receive remedial instruction from our teachers; complete posted assignments and take any missed tests before the official end of the first quarter on **February 2, 2021**.

Communication with your teachers is of the utmost importance right now as the virtual component of our instruction has been an adjustment for everyone. Students are required to log into homeroom on each of these days for attendance purposes. Also, please look for forthcoming information about parent/teacher conferences from your principals. We appreciate your support as we continue to provide opportunities that are in the best interest of our students!

Please Note: We may utilize an additional flex day on shorter notice if the opportunity for a vaccine becomes available to our employees. We will notify you as soon as we find out.

Have a great weekend,

A handwritten signature in blue ink, appearing to read 'Paul M. Brennan', with a long horizontal line extending to the right.
