

Hello All,

In these coming months, we will be hit with blistering weather from time to time. As you have already been notified, we are looking to eliminate many of our snow days from our calendar. However, with a forecasted amount of over a foot of snow, we would like to allow our kids to be kids and call a SNOW DAY for this week!

**Our schedule for the week is as follows:**

**Thursday, December 17, 2020:**

- **SNOW DAY** (this will bump our calendar one day)
- With over a foot of snow, enjoy this time with your families

**Friday, December 18, 2020:**

- **FLEX DAY** (this day will be considered DAY 4)
- All K-12 students must log into homeroom for attendance
- No LIVE instruction will take place
- Makeup work will be supported
- Percentage of credit for late work will be at the teacher's discretion

This will allow some of our students who are struggling to catch up. It will also allow our teachers who have been working tirelessly to take a breath before the holidays. If your son/daughter is ahead of the game, this will afford them the opportunity to enjoy well-needed time to be with your family or to "just be a kid!"

Sincerely,

Paul

**HAPPY HOLIDAYS!**
