UPDATES:

- **February 1st** marks the end of the second marking period.
- **RHS** - Starting 2/1/2021 shifting from tier to tier will be allowed, but placements are not guaranteed going from fully virtual (Tier III) to hybrid (Tier II). After looking at the data, we are looking to provide extra support for students who are failing 2+ core subject areas and may utilize classroom roster spots moving forward. We also have a commitment to maintain safe distances in our classrooms so there may be a waiting list at some point.
- **EAST/WEST** - we are exploring some evening opportunities for students who are failing and need help. We need a bit more time to gather data and make a decision. The FINAL date for a "guarantee" in transitioning back to tier II will now expire on 2/15 whether or not an evening program exists. We will be looking to provide additional opportunities similar to RHS at that point.
- Parents must notify the front office of their child's school in advance if they are switching tiers to make sure that there is room. You cannot just send them.
- As always, communication with our principals and teachers is extremely important! They will help you as much as they can!

A handwritten signature in blue ink, consisting of several loops and a long horizontal line extending to the right.
