The Class of 2023: Then and Now

Kevin E. Harchar 1981-2022

In loving memory of Kevin Harchar, a prominent member of our community who passed away this past year. Kevin was a man who wore many hats and touched the lives of so many. He was a loving father, husband, uncle and son.

He was a dedicated school board member, a loyal friend, a tremendous lawyer and a passionate coach.

Kevin's commitment to education and our Riverside community was unwavering. As a school board member, he tirelessly advocated for the betterment of our schools and our students. He was a voice for our kids and fought for them at every turn!

He was a beloved youth coach, inspiring young male and female athletes to reach their full potential on and off the field. His selflessness and dedication left an indelible mark on the lives of those he coached as he treated every kid as if they were his own.

As a lawyer, his legal expertise and sharp mind earned him the respect and admiration of colleagues and clients alike. Kevin's commitment to justice and fairness was evident in every case he took on, and his unwavering advocacy for his clients was a testament to his dedication to the legal profession.

In Loving Memory of Jacob R. Ruthkosky

As graduation approaches and we prepare to walk the field to receive our diploma we are reminded that our class is not whole. Just before the start of junior year we suffered the loss of our classmate and friend. Jacob was one of a kind. He had a smile that could light up a room and the most contagious laugh. None of us could have ever imagined the pain of having to leave our best friend behind. Jacob, your memory is never forgotten. We all miss you dearly.

~ Your Senior Class

Dear Jacob,

When we were in grade school together our high school graduation seemed so far off. All we thought about was play dates, sleepovers, and beach vacations. We now realize that

time and circumstances can change everything and as a result of that, we are sadly graduating without you.

We will forever remember you and how special you were. You were like a brother to us and we will carry all the memories of our fun times in our hearts forever.

You will never be forgotten.

Love always,

Jimmy, Makayla, & Morgan

No one knew what to expect from the lady Vikes in 22-23. A whole new team and coaching staff. The Lady Vikes met this challenge head on. Overcoming hurdles daily, showing how this family always persevered. After a slow start and figuring everyone out the Lady Vikes started to figure things out. A family who truly worked together and came together during the toughest times. This group is set to preform outside their comfort zones both in the court and off the court in there future endeavors. The 22-23 Lady Vikes showed how strong they can be when there are tested as a team.

NATIONAL HONOR SOCIETY

Page submitted with preflight issues: Low-resolution Image

We grew together as the grades passed by
 When Moosic and Taylor combined
 Through time we found our groups
 Our lives now intertwined

We dreamed of adventures and excitement to come
 Since we walked through the doors our kindergarten year
 But moving forward from elementary to high school
 This monumental transition caused fear

We persevered together
 However our obstacles did not stop there
 When we lost a friend but gained an angel
 Our hearts were broken, too much to bear

We saw the unfair, unforeseen events of life
 But our shattered hearts are what drew us close
 Through grief, we learned we needed one another
 Something now each student knows

When a lockdown came it cut our high school years short
 Creating an unknown world we weren't prepared for
 Yet again, we faced it together
 Longing to be reunited once more

Even with masks and extra precautions
 Even while six feet apart
 We longed to be together
 Until we had to depart

Our class was reunited again
 After what seemed like an eternity
 The events we had unfairly missed out on
 We enjoyed after such adversity

We savored every minute
 Knowing we had been reunited, just to go our separate ways
 From hall decorating, sports events, and school dances
 We counted down our last few days

And as our senior year comes to a close, we reminisce
 We recall the drama clubs outstanding production of "Grease"
 All of their hard work and Garys dancing
 It truly was a masterpiece

The nerve racking basketball games leading to 1,000 points
 Our record breaking Varsity and JV track teams
 And the baseball teams redemption at playoffs
 Showing a season is not always what it seems

Our tragic loss at hall decorating
 Where Mrs. J would not take defeat
 And Mr. Kolessars pep rally entrance on a throne
 Something he should choose to repeat

The softball teams successful season
 And the well known fall Mrs. O'Shea took
 With crime scene tape that followed
 This year was truly one for the books

Our days are now coming to an end
 When we entered senior year they told us time would fly
 We wished that time away
 But soon enough we'll say goodbye

These times will forever be ours
 Our beautiful Class of 2023
 These moments are ours to keep
 Eternally connected through our strength and tragedy

Throughout all we have endured
 We overcame
 We changed
 And yet, in some ways we stayed the same

The same kind hearts
 Our childish laughter
 The friendships that we built
 Are enduringly ours hereafter

Hand in hand since kindergarten
 From stage to stage we've walked together
 And now, we'll walk again
 Interconnected now and wherever

We walk to our futures
 Accepting that this will now be our past
 Our lives together will become distant memories
 Each struggle and triumph we've had

But no matter where we go
 We will carry each other's stories in our hearts
 Saying goodbye to the very school that raised us
 A Viking forever, united from the start

-Congratulations to the Class of 2023

CLASS PROPHECY

Matt Nape and Michael Rhoades meet at the Tall Clubs International Convention in 2033 and reminisce about their graduating class of 2023

N: Mikey, is that you? I'd recognize that red head of hair anywhere, you look great!

R: Oh my god Matt! I saw that nose from a mile away. Thanks, Marianna Casino did my makeup and Kaia Gaylets deserves the credit for my pearly white teeth. So, what have you been up to?

N: I'm an engineer now. I work at GPI, the building right next to the view!

R: Nice, I'm an engineer now too and I work at Boeing.

N: I always knew you'd be successful. I heard Edwin Rivera was supposed to be here, have you seen him around?

R: No, I haven't unfortunately. I actually heard Alontae Custus and Sanai Smith were supposed to be working the convention, but they're running late.

N: I'm surprised I made it on time! I just saw Sophia Battaglia reporting on the convention as a journalist. I also saw Erick Arroyo, Millie Canavan, and Korina Yadouga working at the concession stand. The music here is great by the way!

R: Yeah, it's being performed by Andres Rosario Alvarez. And I think I see Gabby Destefano, Yarimar Echevarria, and Alexa Figueroa serving food over there.

N: Did you see the Olympics last year? Nate Oliphant placed 1st in the 110m hurdles, and Lacey Danilovitz got 1st in the 3200m race!

R: That is so cool! We have so many prolific athletes from our graduating class. Blake Zuby plays professional soccer for FC Barcelona, Julia Turner and Lexi Kostoff play for the Las Vegas Aces of the WNBA, and Frankie Antoniacci plays in the NBA for the Celtics.

N: It's truly impressive. I saw Bella Aniska and Camber Beverage compete in the doubles tournament at the U.S Open, and Josue Ortega playing for FaZe Clan. Speaking of professional sports, Hunter Zeller is a sports statistician for the Philadelphia Eagles and Nick Bouselli the same for the Green Bay Packers.

R: While it's amazing to see how some of our classmates have branched out, a lot of them have decided to return to our community. Brielle Reed, Nevaeh Sorensen, and even Anthony Norris have returned as elementary school teachers.

N: That's great! I heard Nick D'Amico took Buff Davis's job as a history teacher, Isaac Gutierrez Ortiz is the ELA teacher, Vinicius Vierra is the new IT director, and Robbie Carter took over his mother's mantle to give free cookies to the grateful students of Riverside.

R: I miss free cookie Fridays! Also, word on the street is Neftali Feliciano took over as the boys football coach, and Jose Soto Rivera still comes every Friday to collect the recycling. And have you tried the food from the all vegan restaurant opened by Miracle Okoroji? I heard the food is super good!

N: I haven't, but I saw Karly Rogers' advertisement. I can only imagine the food is great knowing it's prepared by Hailey Sebastian and Linda Stefanelli. I even heard Elisabeth O'Hora followed in her mother's footsteps as a nutritionist, and made some of the recipes.

R: It's heartwarming to see our former classmates serve the community. In fact, the other day I took my dog to the vet and I saw Kaitlyn Azarsky and Eliese Kosciuk caring for other sick animals.

N: Don't let them hear about Gavin Hartman, he became a professional cougar hunter! Speaking of animals, I drove to the Central Park Zoo and saw Nick Sochovka pursuing his love for wildlife there.

R: I was planning on making the drive as well, but my car broke down! However, I took it to the mechanic and Ryan Williams, Ryan Ellis, Evan Williams, and Josh Blasi fixed it in a hurry for me.

N: Really? I heard they were helping Noah Frantasier work on his RV with Cole Bond. Anyway, that's too bad, while

I was in New York, I visited the Metropolitan Museum of Art and saw pieces from Riley Feerrar and Gabe Szajkowski displayed there. I also ran into Trevor Balcerzak, who works on Wall Street, and still somehow lives with his mother.

R: Yeah, I even heard Jimmy Decker's mom still makes his bed, despite him owning his own landscaping business. Some people will always rely on their parents. But speaking of art, I just got a tattoo from Kenya Urso and the work she did was really impressive. Unfortunately, not everything in our home town is going smoothly. The prankster Anthony Karpinski is out terrorizing the town as we speak.

N: Don't tell anyone, but I heard Marissa Miller is forming a team with Alaiza Latorre to investigate and put an end to his shenanigans. Did you hear about any of our other friends?

R: I have actually. Connor Monahan won a Nobel Peace prize for just being a good guy, and Paul Higgins regrew his patented mohawk. Unfortunately, Kaleb Hawkins became homeless because he couldn't decide between two jobs.

N: Yeah, I heard Roshika Kami evicted him after he was late paying bills. Luckily, Amra Hodzic is helping him find a new place, and Brenda Olmedo is helping him get through it.

R: Wow, and did you hear that Jake Ochman is in jail?

N: He's locked up?!

R: No, he's the electrician, along with Tyler Reap, and Ava Kalteski took after her father and works as the dentist for the same prison.

N: On a lighter note, our friend Adarsh Moger is a pharmacist now.

R: Yeah, I heard he works at the local hospital with neurosurgeons Jennifer Genell and Sasha Kazysta, along with Jade Mcdermott, and Aaliyah Cantave

N: That's great! Did you hear Morgan and Makayla Decker's food page blew up? They're living in LA making viral food reviews with Thomas Day and Nate Connor now.

R: That's really cool, but they aren't the only ones living in LA nowadays. Have you heard that Gary Mrozinski is starring as Repunzel in the live action production of the movie Tangled?

N: Yeah I have, and Josh Phillips is the lighting director. Did you see the new muppets movie, with Joey Kulikowski and Andrew Sesso as the puppeteers for Kermit?

R: No, I didn't see that, but speaking of celebrities, Ethan Peters won a Ron Swanson look alike contest after he grew out his mustache, Rylee Purdy is the new Wendy's Mascot, Natalie Atkinson got married to the Weeknd, and Kyle Healey signed a record deal to become a famous rapper.

N: I heard, a lot of Hollywood stars are getting their tans done at Madison and Shyane Volack's spray tan clinic.

R: They aren't the only business owners from our class. Austin Ransom and Shahan Khan started their own gym, Jade Noakes has her own dance studio, even Michael Corradino runs the local Sheetz. Also, I heard that Elizabeth Kramer is the local leader for the girl scouts.

N: It's nice to see some entrepreneurs from our class. Anyway, Yahir Gonzalez is a lieutenant in the Navy, and both Skyler Dutter and Tommy Natale are Sergeant majors in the Army.

R: Speaking of serving our country, I heard that Marcella Mendoza is proudly serving on Donald Trump's campaign team, and I even heard that Kayleigh Evans defended him on trial.

N: Is that Nadesha Vasquez over there?

R: Yeah, and I think she is with Keshaira Perez Mercado, and Sintia Veliz Gonzalez. They all seemed really nice in high school, but I never had the chance to talk to them much

N: Alright I think that's everyone. It was good seeing you Mikey.

R: Take care Matt

CLASS HISTORY

The year is 2033 and Connor Monahan and Nick Sochovka meet up at Mr. Borthwick's "Electric City Ciderworks."

NS: Hey Connor nice to see you.

CM: What's up Sochovka, how's everything going?

NS: It's going well. I can honestly say that I miss being in high school with the guys.

CM: Yeah me too, but we had some great memories in high school.

NS: We did make some great memories over the years including both our academic and athletic accomplishments.

CM: Yeah I'll start with what I will call the smartest friend group in the area consisting of Jen, Sasha, Lacey, and Eliese.

NS: Yeah absolutely brilliant. Not to mention that Lacey and Jen also shine in their respective sports.

CM: Moving onto sports, we had a bunch of friends dominating their opponents.

NS: To name the record breakers.

D'Amico's record setting field goal

Frankie's 1,000 points (even though he kept us waiting for a few games).

Lacey's track and cross country records

Nate O's hurdling record

and

Lexi's 300+ career strikeouts

CM: Moving onto a less serious note we had some great times including fun day and field day in elementary school.

NS: I miss those days. The snow cones were so good.

CM: They were. Another great memory was Mrs. Miller's math class. We had so much fun.

NS: Now that has me thinking about some of the other memories with teachers like how Mikey liked Mrs. Jones throughout all of elementary school. We can't overlook the fun times that were had with Mr. Kolessar and Joe's rivalry with Ms. O'Shea.

CM: Moving onto the prom activities we had some students really get into it including Issac's and Roshika's dance moves.

NS: Yeah the prom definitely brought out the best in people, but we can't forget the best part of our junior prom with Jake and Jen being prom prince and princess just beat out Kaleb slow dancing with Mrs. Janesko.

CM: Next, we had what I would call outliers, but funny, events such as Gavin ripping his pants in German class, the senior class officers at the unit show, and Mikey drinking a yellow substance (twice).

NS: Yeah, some weird stuff definitely happened. Remember when Norrris crashed into the Wendy's sign.

CM: Why why did he even crash into speaker

NS: They told him he couldn't get a large frosty.

CM: Speaking of food do you remember our Junior and Senior year class breakfast

NS: Of course Nate and I were the main cooks for the Ap breakfast, I can make a mean waffle.

CM: Clearly food was one of the most memorable parts of high school.

Ns: Yeah remember Kolessar's taste test in stats

CM: Those lemon oreos where delicious

NS: Speaking of Kolessars do you remember our Calc class

CM: Yeah the only thing that I can specifically remember is Ava crying during every test

NS: At least she was in class during tests, Elisabeth always left early.

CM: No matter how hard the test got, sports was always an outlet.

NS: Yeah, remember Paul's pick six at the Dunmore game. The big man was moving.

CM: Football had a great run our Senior year.

NS: I know it's better than the 3 wins we add our Sophomore and Junior year

CM: Do you remember the concussion you got from Garvey in the football off-season

NS: When in the hell did I get a concussion

CM: That's not good

NS: I'm fine, besides we had a lot more athletes than football.

CM: Yeah I remember Yahir was a crazy boxer in highschool

NS: Then you had T-day who dominated the volleyball championship for three years.

CM: Didn't his team loss in the championship his junior year

NS: We don't talk about that

CM: But we should talk about the Baseball team winning the district championship.

NS: Yeah they were unstoppable and if Trevor could have only caught a lazy fly ball they might've won it all.

CM: There was also a lot of other non sports related talent in our school like Robbie's magic tricks.

NS: Yes, they were the highlight of honors physics along with Adarsh who was the backbone of physics. And of course we had Josh Phillips amazing AV skills.

CM: The talent does not stop there. Sophia played piano at Carnegie Hall and Kaia painted a mural at West.

NS: Not only did we have talent but we had some unique traits to our grade like a set of twins and triplets.

CM: And Marcella who somehow did not grow her entire highschool career.

NS: Speaking of short people remember how Hailey ran the yearbook committee

CM: Yeah it was nice that they raised enough money to give every senior a free yearbook, and Nick weren't you a part of the committee.

NS: Yeah I was the co-president for a while but then Hailey demoted me.

CM: Did you do anything for the yearbook

NS: No it was mostly Hailey

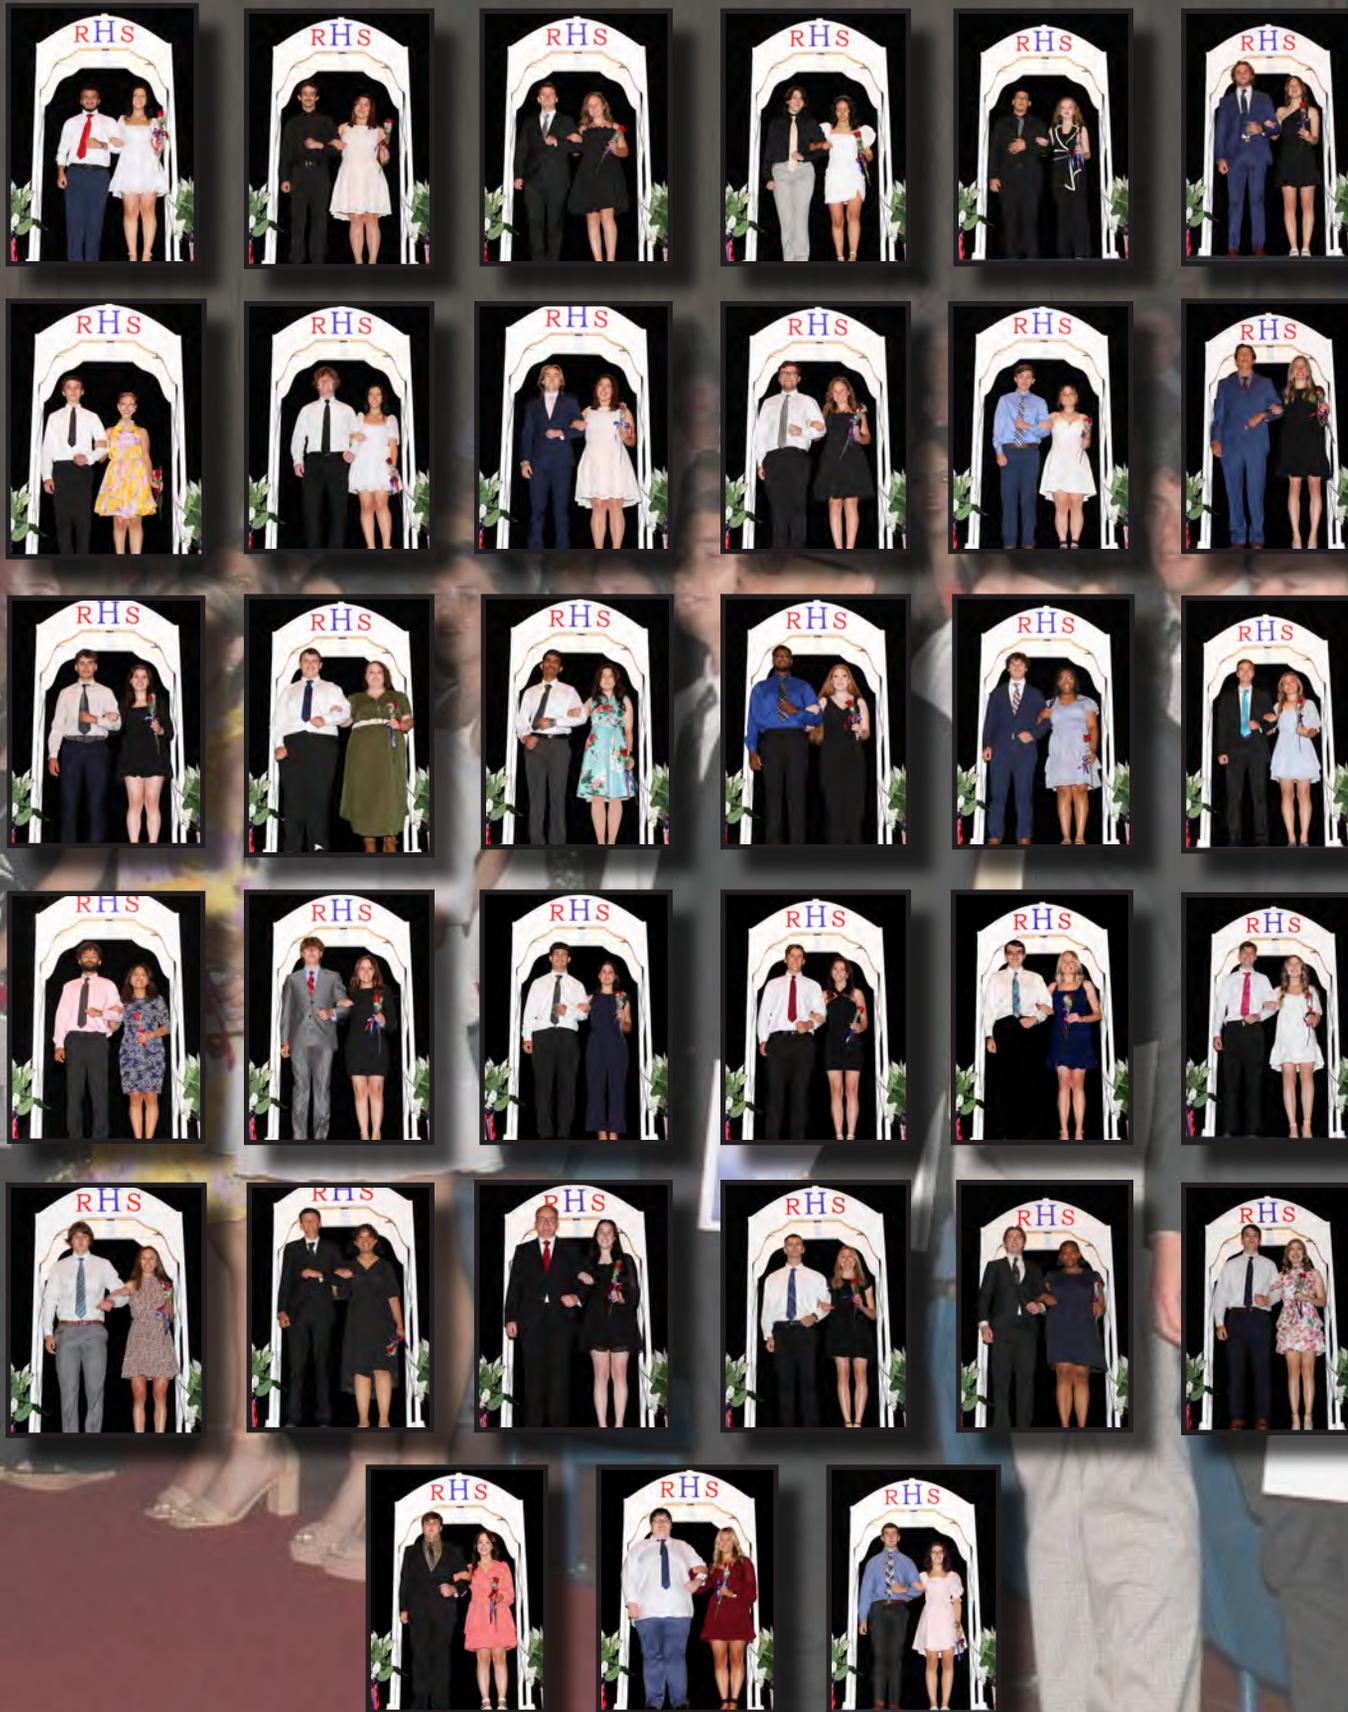

CM: Well Sochovka it's been nice catching up

NS: Honestly I think this experience embodies our high school career best.

CM: How so?

NS: Waiting until the last minute to complete this assignment
